

Silver River

Gotthard

Silver river, shiver, shake and quiver
Silver river, so evil and divine
Rolling out the numbers, just like fallen lovers
Holy river, here's an extra dime
Silver river, giving out a shiver
Silver river, can't you just be mine
One, two, three, let the lovin' be free, let it slide
Four, five, six, gin and vermouth and mix
Seven, eight, nine, gonna take up to ten in a line
Don't let the river go dry
Silver river, shiver, shake and quiver
Silver river, so evil but I don't mind
A race without a number, a kiss
and now I wonder
Silver river, I wish I could read your mind
One, two, three, let the lovin' be free, let it slide
Four, five, six, devil's shakin' the mix
Seven, eight, nine, gonna take up to ten in a line
Don't the river go dry
Silver river, shiver, shake and quiver
Holy river, so evil and divine
One, two, three, let the lovin' be free, let it slide
Four, five, six, gonna jump in the mix
Seven, eight, nine, gonna take up to ten in a line
Seven, eight, nine, gonna take up to ten in a line
