

# Take It All Back

Gotthard

And there goes, what you give, what you give  
God knows they don't make what it is that you give  
Maybe, what it is, what it is, what it is  
I think that that maybe I don't deserve what it is that you give

Things I said, I'll never beat  
They're gonna keep on talking  
In my mouth both of my feet  
They're gonna keep on walking  
They're gonna keep on walking

But hey  
Wanna make it start today  
I said hey  
Let me turn back time and get back  
what I'm about to say  
I said hey  
Can we not just find a way  
I said hey  
Can we make it back,  
can we make it back, sometime today

And down goes what I did, what I did  
Maybe I don't wanna know what it that I did, oh no

Things I said, I won't outlive  
Things I said that won't forgive  
Things I said, I can't let live  
They're gonna keep on givin'  
They're gonna keep on givin'

But hey  
Wanna make it start today  
I said hey  
Let me turn back time  
and get back what I'm about to say  
I said hey  
Can we not just find a way  
I said hey  
Can we make it back,  
can we make it back, sometime today  
sometime today, uh yeah

Let me take it all back,  
Let me take it all back,  
Let me take it all back  
Please let me take it all back,  
Sometime today

Those words don't mean a thing  
Let me take it all back
