

## Take Me

Gotthard

He came walking through fire  
I saw him walk on water too  
A kind of living wire he's not like me and you... yeah, true

You can't demand reaction  
He just holds the line  
To get his satisfaction,  
It's only a matter of time  
A matter of time

No more, lonely figures in the night  
Gotta find a way to break out free, yeah!  
Why don't you

Take me, take me, take me to the wall of the big emotion  
Take me, take me so I can see  
The mirrors of destiny

He just gotta snap his fingers  
And everything's just there around  
Be careful, never hide  
The sun before his eyes, before his eyes

No more lonely creatures in the night  
Gotta find a way to break out free, yeah!  
Why don't you...
