

What I Like

Gotthard

What I like
Is to take the highest road that never ends
To hold the moment right here in my hands
Yeah, that's what I like
To feel alive

What I like
Is to know your body's lying next to mine
To see you smile without a reason why
Yeah, that's what I like, that's what I like

It's something that will never end
Soul to soul
Everything here is all under control
Eye to eye
Can you see it
Can you feel it
What I like

What I like
is to take you on a journey round the sun
I wonder if you'd like to come along
Yeah, well may be tonight, may be tonight

It's something that will never end
Soul to soul
Every thing here is all under control
Eye to eye
Can you see it
Can you feel it
What I like

It's something that will never end
Soul to soul
Every thing here is all under control
Eye to eye
Let me show you
All I've told you, yeah
Soul to soul
Everything here is all under control
Eye to eye
Can you see it
Can you feel it
What I like
