

# You Can't Stop Me

Gotthard

"Love stoned, never come down, high ground, get it on, get it on"

Right ... Now I got all the pieces  
And they're playing on my mind  
Gonna iron out the creases  
Babe, It's you I gotta find

That's ok, cause you're the only one, that's ok  
That's ok, I've only just begun

So baby... Baby... Baby... I'm shakin' at the knees  
Right or wrong or maybe, a million and one degrees

You can't stop me from loving you  
No you can't hate me  
Just for wanting you the way that I do

Now holdin' all the aces  
Why oh why you so unkind?  
But I say with all politeness  
How could you be so blind? So blind

But that's ok, cause you're the only one, that's ok  
That's ok, I ain't gonna come undone

So baby... Baby... Baby... I'm shakin' at the knees  
Right or wrong or maybe, a million and one degrees

You can't stop me from loving you  
No you can't hate me  
Just for wanting you the way that I do  
C'mon hate me!

Oh Baby... Baby... Baby, got a shakin' at the knees  
Right or wrong or maybe, I'm holding back the seas

You can't stop me from loving you  
No darling, you can't hate me  
Just for wanting you the way that I do

"Love stoned, never come down, high ground, get it on, get it on"
