

# Wonder Why You Want Her

Gotye

Lost  
In her face,  
Caught  
On the thought of a taste,  
Sold  
On the fantasy,  
Bought,  
For a price you can have a piece

Fresh  
From the colour press,  
The flesh  
Of today's princess,  
Spread  
From end to end,  
Blue eyes  
And perfect skin  
Invite everyone in.

Do you ever wonder why you want her?  
Does it even matter you can't have her?  
Even if you tried to it wouldn't satisfy you  
Trying to possess her can only depress you

Do you ever wonder why you want her?  
Does it even matter you could never have her?  
Even if you tried to it would never satisfy you  
You'll only want her stronger,  
Long for longer
