

Grinnin' In Your Face

Gov't Mule

Don't you mind people grinnin' in your face
Don't mind people grinnin' in your face
You just bear this in mind, a true friend is hard to find
Don't you mind people grinnin' in your face

You know your mother would talk about you
Your own sisters and your brothers too
Yeah, don't care how you're tryin' to live
They'll talk about you still

Ohh, but bear, ooh, this in mind, a true friend is hard to find
Don't you mind people grinnin' in your face

You know they'll jump you up and down
They'll drag you all 'round and 'round
Just as soon as your back is turned
They'll be tryin' to crush you down

Yes, but bear, ooh, this in mind, a true friend is hard to find
Don't you mind people grinnin' in your face

Two, three, four
