

## 4-wall Hermit

Government Issue

I don't wanna face the people  
I don't wanna face the crowd  
I don't wanna face the hatred  
So I'll crawl into my shroud

That's why I've gotta hide  
From all the agony and gloom  
That's why I've gotta hide  
Gotta hide in my room

Here I stay all alone  
Locked up from the world  
I can't face what's out there  
It scared me to death
