

## Man In A Trap

Government Issue

In that comfortable rut again  
Goals for the talking man  
Outside lies a presence  
But a lonely spirit's walking rut  
And he can't get out  
Man in a trap  
Deeper things getting direct  
Empty social life's a wreck  
Weather and insects tonight  
Happiness in black and white  
And he can't get out
