

## No Rights

## Government Issue

You say we're guilty of being white  
You tell me we're gonna hafta fight  
Well I'll tell you once and for all  
You ain't got no rights/you ain't got no laws

We ain't got no rights [Repeat x4]  
Cops say shut up or you'll get hit  
I'm sick and tired of taking their shit  
Somebody better kill 'em quick  
Somebody hit 'em with their own stick
