

Teenager In A Box

Government Issue

Doing drugs and booze everyday
Driving your car in a psychotic rage
You don't hear what anyone says
I'll read about you in the obituary page

Teenager in a box
Yeah, they'll put you underground and no one will care
Cover you up with rocks
You were 18, now you're a statistic

Flex your head in other words use it
You'll wind up dead
If you try to abuse it
