Dedication

Gowan

(Lawrence Gowan)
I could never count
The hours of patience
Nor how many times
I've turned away
Lost within this cause
That lives to taunt me
Long as I may breathe
I'll get to you one day
Wait on me now
I say
Wait on me now, oh I swear
No power, no reason, no purpose
Which stands before me
Will shake my attention or focus
From this one belief
Locked away - in time
The door will open
All those things that hide
Will be revealed
Never is a word
That's lost all meaning
Nothing in this world
Will ever be more real
Wait on me now
I say
Wait on me now, oh I swear
No power, no reason, no purpose
Which stands before me
Will shake my attention or focus
From this one belief (oh no)
You know my dedication
Wait on me now
Wait on me now
Wait on me now, oh I swear
No power, no reason, no purpose
Which stands before me
Will shake my attention or focus
From this one belief (oh no)
No reason
Will change my dedication
Oh you know
Ya you know
It won't change my dedication
Oh you know
Ya you know
You know my dedication
Oh you know
Ya you know
It won't change my dedication
Oh you know
Ya you know
You know my dedication
Oh you know
Ya you know
You know my dedication
Oh you know
