

# Insane Sometimes

Grace VanderWaal

Dab your foot and watch the clock  
I tried to look excited when you walked inside the door  
But it was all for sure  
I need to get it all out of my mind  
Just blast some music and close my eyes  
Mmm-oh... got me singing like woah...

Turn it up and I'll sing it loud  
And just shut the world out  
See the colors  
Feel it in my bones  
It goes, oh...

Spin the record, oh darling  
Inside of my mind  
And let's just go go go  
And lose track of time  
Here we go, on this crazy ride  
Here we go, in this crazy life  
And oh..  
'Cause, 'cause don't you know?  
We're all a little insane sometimes

Louder and louder with every thought  
Shaking the floors until the pictures fall off the walls  
The walls

So we'll, turn it up and I'll sing it loud  
And just shut the world out  
See the colors  
Feel it in my bones  
It goes, oh...

Spin the record, oh darling  
Inside of my mind  
And let's just go go go  
And lose track of time  
Here we go, on this crazy ride  
Here we go, in this crazy life  
And oh..  
'Cause, 'cause don't you know?  
We're all a little insane sometimes

Don't you know?  
We're all a little insane sometimes

Spin the record, oh darling  
Inside of my mind  
And let's just go go go  
And lose track of time  
Here we go, on this crazy ride  
Here we go, in this crazy life  
And oh..  
'Cause, 'cause don't you know?  
We're all a little insane sometimes
