

## Click Click Click

Graham Coxon

Got segs on my shoes that make me click click click, yeah  
Got emotions in my head that make me sick sick sick, yeah  
Got no reason in myself to hold a stick stick stick, yeah  
Got a ? no-one home for me to kick kick kick, yeah

Never really thought about it  
Never really talked about it  
Never really had to find a place to fit, yeah

Got segs on my shoes that make me click click click, yeah  
Got emotions in my head that make me sick sick sick, yeah

Never really thought about it  
Never really talk about it  
Never really had a place to fit, to fit, yeah

Never really thought about it  
Never really talk about it  
Never really had a place to fit, to fit, yeah
