

## I Used to Be a King

Graham Nash

I used to be a King  
And everything around me turned to gold  
I thought I had everything  
And now I'm left without a hand to hold

But it's all right I'm O.K. How are you?  
For what it's worth I must say I loved you  
And in my bed late at night, I miss you  
Someone is going to take my heart  
But no one is going to break my heart again

I used to be a King  
And everything around me turned to rust  
It's `cause I built my life on sand  
And I watched it crumble in the dust

Yeah, but it's all right I'm O.K. and I want to know how you are  
For what it's worth I must say I loved you as you are  
And in my bed where are you?  
Someone is going to take my heart  
But no one is going to break my heart again

Someone is going to take my heart  
But no one is going to break my heart again

I used to be a King  
And everything around me turned around  
But I know all I have to do is sing  
And I'll lift myself way off the ground

Yeah, but it's all right I'm O.K. How are you?  
For what it's worth I must say I loved you  
And in my bed late at night, I miss you  
Someone is going to take my heart  
But no one is going to break my heart again, no, no, no
