

Where Love Lies Tonight

Graham Nash

Somewhere, somehow, I've found you
Could love me all my life
Fall into my open arms
Where love lies tonight

Only lonely hearts can break
I see it everyday
Underneath a crushing weight
Love flies away

How many times have I loved and lost?
If only my heartaches could heal
How many times can I count the cost?
Knowing the way that I feel

When you walked into my heart
My life just opened wide
Giving me a brand new start
Where love lies tonight

How many times have I loved and lost?
If only my heartaches could heal
How many times can I count the cost?
Knowing the way that I feel

Somewhere, somehow, I found you
Could love me all my life
Fall into my open arms
Where love lies tonight
Where love lies tonight
