

# Where Love Lies Tonight

Graham Nash

Somewhere, somehow, I've found you  
Could love me all my life  
Fall into my open arms  
Where love lies tonight

Only lonely hearts can break  
I see it everyday  
Underneath a crushing weight  
Love flies away

How many times have I loved and lost?  
If only my heartaches could heal  
How many times can I count the cost?  
Knowing the way that I feel

When you walked into my heart  
My life just opened wide  
Giving me a brand new start  
Where love lies tonight

How many times have I loved and lost?  
If only my heartaches could heal  
How many times can I count the cost?  
Knowing the way that I feel

Somewhere, somehow, I found you  
Could love me all my life  
Fall into my open arms  
Where love lies tonight  
Where love lies tonight
