

Anniversary

Graham Parker

This is our first year, no-one else but us here
And even with the darkness all around us
We look into each other's eyes and understand
Why true love is in such demand

I've got a gift wrapped, we have got a course mapped
And everything I've wanted since I met you
Everything that's haunted me is out of view
So darlin' can't you see, how much I love you on

Our anniversary hmmmmm

Whoh oooo ooo ooo ooo Whoh oooo ooo ooo ooo

You got a sweet kiss, ooh you know I need this
I need everything you have to give me
I need you to live with me
So darlin' can't you see, how much I love you on
Our anniversary

Well darlin' can't you see, how much I love you on, Our anniver
sary
Ooh darlin' can't you see, how much I love you on, Our anniver

Darlin' can't you see, how much I love you on, Our anniversary
Well Darlin' can't you see, how much I love you on, Our anniver
