

# Devil's Sidewalk

Graham Parker

Em C Em  
Em C Em  
Em C Em D

G C D C  
Took a walk down hell's pavement  
G C D C  
Took a walk down pulled by the tide  
G C D C  
I had to make some new arrangement  
Em C G  
Oh I thought I'd reach the other side  
D Em C G  
Then someone opened up their mouth to talk  
D Em C G D  
They said (hey!) you ain't where you think you are  
Em C Em D  
You just landed on the devil's sidewalk

G C D C  
Had a minor misunderstanding  
G C D C  
With a street lamp one night  
G C D C  
The smell of burning ... rubber hit my senses  
Em C G  
I thought I'd reach the other side  
D Em C G  
When someone opened up their mouth to talk  
D Em C G D  
They said (hey!) you ain't where you think you are  
Em C Em D  
You're just stranded on the devil's sidewalk  
Em C Em D  
You're just stranded on the devil's sidewalk

F#m Am7  
And it's cold, so cold  
F#m Am7  
And it's cold, so cold  
F#m Am7 D  
And it's cold, so cold

G D G C  
No-one's got names, under the flames  
G D G C  
Everyone screams, hope it's a dream  
G D G C F#m  
Nothing makes sense, everything's tense  
Em D  
Wish I could say what it meant

G C D C  
Took a long look down at the mirror  
G C D C  
Couldn't see my face at all
