

Everyone's Hand Is On The Switch

Graham Parker

A g a d g

Everyone's hand is on the switch, up above there's a leaden sky

Everyone's thinking of the switch, get ready, make someone cry

D amem

Ooh they all laughed when the pope got on the phone

Dem bm

Ooh and the president pretends that he's not home

Everyone's hand is on the switch, while the cameras waited outside

Let's hope there is another hitch, last time the guy didn't die

Oooh while the nation is holding back it's breath

Ooh mr sullivan is holding, still to death? ?

D a bm a

And if you wanna get scared, look at that chair

Bm ad a

Feel that power run through, ooh yeah

Everyone's hand is on the switch, come on people pull together now

Then we can go down to the beach, as the florida sunshine comes out

Ooh where's the party, the soft drinks and the fudge

Oooh don't worry they'll be comin' soon, give that switch a nudge

Everyone's hand is on the switch, what a swell execution!

Sweet revenge is such a bitch, dance to the execution!

Everyone's hand is on the switch,

Everyone's hand is on the switch,
