

Little Miss Understanding

Graham Parker

Understanding
Understanding (twice)
When I get mad I'm really a drag, tear down walls start losing
my rag
Like a bunch of cats tied up in a bag, how come I make your tail
wag

You're little miss understanding yeah
You're little miss understanding yeah
You're little miss understanding yeah
You're little miss understanding yeah

I know I got a kink somewhere
A chip on the shoulder and flies in my hair
But I got a heart that needs some repair
Fix it up with your lovin' care

When I've got a cloud over the sun
You've got an umbrella
And when I act like number one You say Hey
Lighten up fella Lighten up fella yeah
Lighten up fella Lighten up fella yeah

You're a woman with a crazy man Like a wasp that's stuck in jam
But I won't sting you if you don't sting me
Clean my wings baby set me free
