

# She Never Let Me Down

Graham Parker

She never let me down. That's one thing I can say for sure  
I had her wrapped around my finger. Then I cut the cord  
And when the night comes on and another day draws to an end  
There's a world of difference between lovers and friends

She never let me down well that's one thing I tell you for sure  
The autumn leaves come down like dead things and blow in the wind around my door  
And when the day comes up and another night draws to an end  
There's a world of difference between enemies and friends

She never let me down ah ah  
She never let me down ah ah

And when the night when the night comes on and another day draws to an end  
There's a world there's a world of difference between lovers and friends
