

Sugar Gives You Energy

Graham Parker

I believe every man has a chance to make good I'm convinced that this is so

Equal opportunity for the king or the hood And everybody knows

Sugar gives you energy Sugar gives you energy

Sugar gives you energy Sugar gives you energy

I believed I could work, rest and play on a bar And be a hero on the pitch

I walked out to the kitchen got it out of a jar And got a knuckle sandwich!

All of the children come out to play To see what the Robinsons'

Gollywogs say

The man in the TV is giving away Energy energy energy

Now! Energy energy energy Energy energy!
