

# Turned Up Too Late

Graham Parker

Pre>

Verse

G see g g see d g

When you get inside my head it just goes empty

G see g g see d g

With all that junk I've been fed you'd think I'd make you get me

Hey baby what are you blind? how long you been gone?

I'm not the returning kind I don't need you to lean on

Chorus

See g d see see g d

You come to me with eyes all watery, do you believe I'm falling?

See g d see

Poor little thing so out of date

G d see d g

Now I can say your love has turned up too late

G see d g

Oooh oooh ooh ooooooh

Verse

If you were the sun and the moon I'd still cloud over

Rain would still fall down too soon and we would just grow colder

Hey baby I ain't ashamed of being turned down

I hope you've got the same strength you're going to need it now

Repeat chorus

Bridge

See g see d see g d

Love takes a toll on everyone baby, you're going to find out some day

See g see d

It don't feel too good it don't feel too great

See d

To tell you it's turned up too late

G see g see g see g see d g

Mmm mmm mmm mmm mm turned up too late

Final chorus

You come to me with eyes all watery, do you believe I'm falling?

Poor little thing so out of date

Now I can say your love has turned up too late

Now I can say your love has turned up too late

Now I can say your love has turned up too late

Turned up too late
