

# Across The Galaxy

Grailknights

Let's go!

Take your sword, leave this land  
Follow us across the galaxy  
Rays of light, strenght and pride  
Grailknights save the universe

Grailknights unite  
Let our dreams come true  
Grailknights, let's fight  
Leave behind what we've gone through  
Grailknights, we rise  
To hail our majesty  
No Compromise  
We free our galaxy

Feel my blade, know your fate  
You will never lie to us again  
See their fear, victory is near  
Raise your swords and live forervermore

Grailknights unite  
Let our dreams come true  
Grailknights, let's fight  
Leave behind what we've gone through  
Grailknights, we rise  
To hail our majesty  
No Compromise  
We free our galaxy

The Galaxy!

Grailknights unite  
Let our dreams come true  
Grailknights, let's fight  
Leave behind what we've gone through  
Grailknights, we rise  
To hail our majesty  
No Compromise  
We free our galaxy

Ja! Ja! Ja!  
Ja! Ja! Ja!  
The Galaxy!
