

# Fight Until You Die

## Grailknights

Grailknights battlechoir  
Prepare to fight  
It's up for you  
Stand by our side  
So spread your wings and fly away  
Rise above the sky  
We keep you close inside our hearts  
Till the day we're gonna die  
Waiting, hoping  
Living for nothing  
A wasted lifetime will never come back

Knights, fight until you die  
On guitars we fly  
Take the challenge, face the task  
Swing the blade till you're the last  
Become Immortal  
Knights, fight until you die  
Raise your fist up high  
Feel the pain, feel the thrill  
Battle on, it's time to kill  
So fight until you die

You may die if you fight  
You may scream for your right  
So here we ware, the battle dress  
Adorning our compound  
So look at us, we are standing strong  
And fight like a pack of hounds  
Battlechoir, we're at your feet  
With your support  
We face the heat!!!
