

# Guardian Angel

Grailknights

Pale hills, a dead cold sun  
The sky is about to crumble down  
The rain like teardrops it falls  
The end is near

A day like hell  
Struggling against swoon  
Ride on, my battlehorse  
The mission has to proceed

My guardian angel  
Where have you gone?  
I am dying  
I am lost

No feelings anymore  
Too weak, too tired to go on  
I'm losing hope for I am  
All alone down here

My guardian angel  
Where have you gone?  
I am dying  
I am lost

Fading slowly, misery  
Lost in darkness, cruelty  
Nightfall, painful death  
Take my final breath

My guardian angel  
Where have you gone?  
I am dying  
I am lost
