

# Regicide

Grailknights

Fire!

A cry, a shade  
Vanished into haze  
You can throw my life away  
But i'll never lose my faith  
I believe in something  
Something you've never had  
You spread your lies now pay the price  
Tomorrow you'll be dead

Regicide - Thunderclouds were swifty passing by  
Regicide - Rays of hope, I gazed into the sunlit sky  
Regicide - Turn the page, another day is gone  
Regicide - Free your soul and your spirit will live on

Fire!

Ancient hills on the horizon  
I lead you through the storm  
Another time, another place  
Our future king is born  
Memories are forever  
Engraved on my mind  
Empty words, broken dreams  
My old life lies behind

Regicide - Thunderclouds were swifty passing by  
Regicide - Rays of hope, I gazed into the sunlit sky  
Regicide - Turn the page, another day is gone  
Regicide - Free your soul and your spirit will live on

Thunderclouds were swifty passing by  
Rays of hope, I gazed into the sunlit sky  
Turn the page, another day is gone  
Free your soul and your spirit will sure live on
