

## Peace

## Grammatrain

Peace with me now  
I never thought I could know how  
Sleep in Your love  
I feel Your arms that keep me now

Could never be without You  
Could never be without Your love  
I feel You from above  
Don't ever want to be alone

You'll never leave me drifting  
You'd never take away the peace  
Or run away from me  
Need Your love  
Love
