Grand Funk Railroad

```
If you can't feel it, keep on tryin'
'Cause that's the way it's got to be, yeah, yeah, yeah
It's comin' down and I ain't buyin'
It's gonna' take a long time to catch up with me

And when you notice your condition
```

And when you notice your condition

Maybe you'll want to stay with me, yeah, yeah, yeah

Then we can find the true definition

The answer's here, right here with me

```
Row, row, row your boat
```

I want the world to know my reason
And if you help me find a way, yeah, yeah, yeah
I'll bring my own and keep on pleasin'
'Cause baby, this is the way I'm gonna' stay
