

## Baptised in Fire

Grand Magus

In a cavern- Of deep despair  
All alone- surrounded by stone

The serpent's poison - Searing the skin  
A flicker of light - The pyre grows bright

He took the revenge  
He fed the flame  
Forever in rapture  
Forever reign

Baptised in fire  
Born within the flame

Thoughts so hollow - Take on a new meaning  
His mission appears - No longer be hallow, my son

Black cauldron boils - Taste the brew  
No more lying - Fire, the guiding light

He took the revenge  
He fed the flame  
Forever in rapture  
Forever reign

Baptised in fire  
Born within the flame
