

# That's How We Move It

Grand Puba

Well that's how we move it  
This is how we move it  
That's how we move it  
This is how we move it  
That's how we move it  
This is how we move it  
Aiiyyo Doogie how we move it  
This is how we move it

Well it's time to kick the flavor with the you-know-who  
Stud Doogie, Alamo, and the one Grand Pu'  
Check out the ringle, hit the spot that'll tingle  
Make the hons wanna jingle, I stay crisp like a Pringle  
Check how we set off, last stop's where we get off  
You know it's flavor, three shots lick the glock off  
BUCK BUCK BUCK, you know how it go  
Grand Puba, Stud Doogie, and Alamo  
So what's the 411?  
Loungin black  
Hilfiger knapsack with a 40 in the back  
So hon shake the goodies don't front on the puddy  
With the rubber and the hoodie I peck the hole like Woody  
Show no shame, with everything to gain  
Honies always singin, how can I ease the pain?  
When they think I'm comin back but that's game  
This is the real, how I wheel and deal  
First round draft pick like big Shaquille O'Neal  
Shit's so dope that I might catch a steal  
Stud Doogie, Alamo, spin the wheel

Cause that's how we move it  
This is how we move it  
Well that's how we move it  
This is how we move it  
That's how we move it  
This is how we move it  
Aiiyyo Doogie how we move it  
This is how we move it

I'm with this rich girl named Dawn, hit the skins on the lawn  
Ron Stud had her sister in the crib playin Twister  
They lived in Poughkeepsie, moms was a gypsy  
Pops was in the crib but he was upstairs tipsy  
Know I got soul, baby jump upon a pole  
Janet Jackson took a ride, she's no longer \_In Control\_  
The bedroom worked, not a bone jerker  
Good like Black and Decker knockin skins from here to Mecca  
Like one two three, or A-B-C  
Or Do-Re-Mi-Fa-So-La-Ti  
Honey called me brillly, I told her she was silly  
Cut my ex-girl off cause she worked my last frilly  
The new skin shower, micraphone goer  
Girls follow me like animals did Noah  
From Tracy, to Pattie, Linda down to Tina  
Everytime I see some skins then pop goes the weener  
Puba, the devil roaster, I keep a tool in my holster  
Mess with me and I'll be on a wanted poster

Cause that's how we move it  
This is how we move it  
Well that's how we move it  
This is how we move it  
That's how we move it  
This is how we move it  
You know the deal huh, spin the wheel

Yeah, check it  
It's time to switch it up so I'll breeze back to the rest  
Put on some Polo gear and a baggy pair of Guess  
Put on my baseball cap, refill my knapsack  
This ain't Poltergeist, but I'm back!  
You know the M.O. on Doogie Alamo  
Cuts so sharp make like Shaft and get an afro  
Better yet you can take it down low  
Al's my man but that perm gotta go gotta go  
So all you copycat rhymers swine'n'dinin on the riblets  
Get downtown, see my mic on exhibit  
No need to worry, cause I'll be there in a hurry  
Yo hon I'll smack it out like Darryl Strawberry  
Keep your head spinnin, cause I only heard of winnin  
Played the game before so I can go the extra inning  
Grand Puba, Stud Doogie, Alamo here to prove it  
This is how we move it

Cause that's how we move it  
This is how we move it  
That's how we move it  
This is how we move it  
That's how we move it baby  
This is how we move it  
Aiyyo Doogie how we move it  
This is how we move it
