

Cinderland

Grandaddy

Outdated dreams have kept
Your friends around
I've seen them sad and wet
In cast off gowns

I don't know though
I've been wonderin'
Who looked at you

Seems a lie
And so untidy
It's downright cruel

Remember Cinderland
Once was our town
But since you went away
It's barren ground

I don't know though
I've been wonderin'
Where did you go?

Seems one sided
So untidy
It's downright cruel
