Cinderland

Grandaddy

Outdated dreams have kept Your friends around I've seen them sad and wet In cast off gowns

I don't know though I've been wonderin' Who looked at you

Seems a lie And so untidy It's downright cruel

Remember Cinderland Once was our town But since you went away It's barren ground

I don't know though I've been wonderin' Where did you go?

Seems one sided So untidy It's downright cruel
