

Fishing Boat Song

Grandaddy

From springfield, mass. to concord town,
I saw those lights go down.
In a gorge in kansas
I found my jesus,
He laid me down
And he said
If i build you a fishing boat,
Would you leave everyone you know?
If i build you a fishing boat,
Would you leave everyone you know?
Would you be more likely to kill more time with me?
And then a sudden gail began to wail
It set my heart like no other love
Like no other love
If i build you a fishing boat
If i build you a fishing boat
If i build you a fishing boat
Would you leave everyone you know?
If i build you a fishing boat
Would you leave everyone you know?
From springfield mass. to concord town
I saw my lights go down
