

## My Small Love

Grandaddy

I don't get you  
I don't get anyone  
I lost my way  
I don't get any of this

My x-ray's black  
Seems nothing's what I get  
I've lost my way  
My small love burnt in the sun

I don't get you  
I don't get anyone  
I lost my way  
My small love burnt in the sun.
