

Sarah 5646766

Grandaddy

Sarah, can you hear me now?
My resonator's breaking down
I met your choir by the rocks
And we've agreed to bring you up whatever the cost
Sarah, released today
There was songs in the dreams
And I heard them say
Sarah, don't be afraid
Lest we fall once again
It's happiness that matters anyway
It's happiness that matters anyway
It's happiness that matters anyway
