

Dreamin'

Grandmaster Flash

As I think of you I hear, precious moments crystal
clear, lying in my mind.
I see birds in paradise, cherry blossoms and moonlight,
you're the joy of all mankind.
That's why (That's why). When we dream of you
(Dreamin').
We beleive anything that we see.
That's why (That's why). It's because of you (Of you).
We would like your dreams (My dreams). Turn to reality
(Reality).
Taking walks in the park, getting closer to your heart,
is all I want to do (All I want to do).
Someone sure likes you up above, because you're living
the life we love, and you know it's true (You know it,
you know it).
Whoa Stevie, that's why (That's why). When we dream of
you (Dreamin').
We believe anything that you see.
Whoa, whoa, whoa, that's why (That's why). It's because
of you (Of you).
We would like your dreams (Our dreams). Turn to reality
(Reality).
Dreamin' (Dreamin) is so mellow (Mellow), when I
(Dreamin' about you) about you (Stevie), Dream about
you.
Dreamin' (Dreamin) is so mellow (Mellow), when I dream
about you Stevie, (When we dream about you, yeah).
