Demon Called Deception

Grant Lee Buffalo

I'm in tight with a demon called Deception It's alright he's a treating me quite well I'm in tight with a demon called Deception He's right beside me when I fail

To whisper words like brother nothin' here is any good See the birds they're a droppin' like a star Wormwood And all I wanted was a little patch of green We were peasants and the cotton was our king

And in the fields till I sing a prisoner's song Well, Deception whistles right along Right along

Charlie, sang for a pocket full of pills While Deception, was a clickin' his high heels We're in tight playin' seven one night stands And Deception, made me as I am

As I am, as I am
As I am, as I am
I'm in tight, I'm in tight
I'm in tight

Truth is I'm in tight
I barely saw the light
Just as it kicked in
Something saved my skin
Something saved my skin
