

Good Morning Happiness

Grant-Lee Phillips

Gonna wake up with a smile
Gonna wake up with the sun all bright
Gonna wake up with a smile
Open the shades let in the light

Good morning happiness
What a fine day

Gonna wake up with the birds
Little birds that chirp away in song
Gonna wake up with the birds
Out of the bed singin' along

Good morning happiness
What a fine day

Have you ever had a dream
Funny kinda dream that feels so real
Where everybody is a singin'
Bangin' a drum I remember it still

Good morning happiness
What a fine day
