

Seal It With A Kiss

Grant-Lee Phillips

If I only had one wish
And I had to make it quick
'Fore the morning comes
It's an easy one

She'd get hers and he'd get his
You don't know how rare that is
Got a reason to sing
A magic thing

Now ya know my lovin' is
Deadly serious
Sign along the dotted line
And seal it with a kiss
Seal it with a kiss

Might be comin' on too strong
I've already looked too long
But I like what I see
Nothin' wrong

I just wanna feel your touch
Now I've gone and said too much
But I mean what I say
More than a song

Now ya know my lovin' is
Deadly serious
Sign along the dotted line
And seal it with a kiss
Seal it with a kiss

I may only have this chance
I may only get one dance
Wanna make it last
Is it much to ask

Now ya know my lovin' is
Deadly serious
Sign along the dotted line
And seal it with a kiss
Seal it with a kiss

Now ya know my lovin' is
Deadly serious
Sign along the dotted line
And seal it with a kiss
Seal it with a kiss
