## Home at Last

**Grave Digger** 

Time has come, my journey's at the end Years I have traveled, lost a lot of friends At the walls of Troy I fought for my king Achilles by my side for the faith to win

Saints and sinners Liars and killers Gods and heroes Crossed my ways

Home at last Goodbye to the past Home at last Our faith is hard and fast Home at last Tied to the mast Home at last, Home at last!

The end of the day brought us the victory We paid for our sins with pain and misery

Saints and sinners Liars and killers Gods and heroes Crossed my ways

Home at last Goodbye to the past Home at last Our faith is hard and fast Home at last Tied to the mast Home at last, Home at last!
