

## Lawbreaker

Grave Digger

We love the way we live  
We are so hot, can't get enough  
We hang around and cool down  
We ride our bikes through your town

Hundred pounds of metal  
Steaming through the shattered night  
Roaring wheels cry out for battle  
Magic stars our guardian light

Lawbreaker  
I'm the lawbreaker  
Lawbreaker

Don't look back and live fast  
Never look back into the past  
You will never walk alone  
One day our names are carved in stone

Hundred pounds of metal  
Steaming through the shattered night  
Roaring wheels cry out for battle  
Magic stars our guardian light

Lawbreaker  
I'm the lawbreaker  
Lawbreaker

Lawbreaker  
I'm the lawbreaker
