Night is falling Brothers in blood Invincible in their faith

Deceiver, believer, Stronger than steel Insanity is what I feel

Here I stand Take my hand Let us flee To be free

I'm a liar
I'm a sinner
I feel pain
Running through my veins

I'm a liar
I'm a sinner
I feel pain
Of my own destiny

Fighting, dying, Revenge in blood Listen to the tongues of hate

Destroyer, betrayer, Witness of love Sadness is my lonley fate

Here I stand Take my hand Let us flee To be free

I'm a liar
I'm a sinner
I feel pain
Running through my veins

I'm a liar
I'm a sinner
I feel pain
Of my own destiny
