

# Love Is Breaking My Heart

Grave Digger

Shadows on the wall  
Cold as ice  
Snd you break my heart  
Too many times  
I don't wanna lose you  
You passing by  
I can't live without you  
In the night  
I just can't forget you  
But love still the done  
No will tomorrow  
When you go  
Love is breaking my heart  
Running sips so strange  
Selled to the gone  
You left my feelings  
For behind  
Alone in my deep dreams  
Deep in my mind  
I feel your poison  
Makes me blind
