

# Medusa

## Grave Digger

Mother what have you done to me  
You have seen me together with the god of the sea  
Your mind is full of hate, I've touched your reign  
There's no excuse to bring you such a pain

You cursed my soul, my mind is dead  
Eyes like a weapon, snakes on my head  
A priestless I was, the pride of Athena  
Now I'm banned to live the life of a beast

I've been mistreated  
I can bleed no tears  
My only will is to kill

Medusa - frozen to death  
Medusa - breathe one last breath  
Medusa - your time has come  
Medusa - your soul is gone

Now I'm imprisoned in this garden of hell  
God of the sea, save me from this spell  
Hear my scream, is there no other chance  
Is this the end of a tragic romance

In the garden of death, heroes died  
Carved in stone, no chance to hide  
Enchanting loveliness fades away  
For one mistake a high price to pay
