

## Shadows of the Past

Grave Digger

I once gave my heart and soul  
why - I wanna know  
you've got what you were looking for  
you enjoyed your show

Sacrifice you - without warning  
not for you - I can't take it  
now you're gone - I will make it  
all night long - I wan't miss you

Shadows of the past  
Returned from nowhere I stand  
Shadows of the past  
Alone you'll be in the end

I found out you never mean  
anything you say  
you're the kind who tries to tease  
then you run away

Today I found my destiny  
I was just you fool  
there's another place for me  
now I know the truth
