

Shoot Her Down

Grave Digger

Watch her style
Demon's smile
Walkin' down the road
Dressed in black
Don't look back
Lies that's what she told
Evil speel
Came from hell
Far from down below
Shoot her
Shoot her
Shoot her down

Shoot her down
I said down down down
Shoot her down
I said down down down
Shoot her down
I said down down down
Shoot her down
I said down

Made me weak
Struck her feet
Right into my balls
Got my knife
Took her life
Watched her as she crawled
Loved her so
Had to go
Down where she belongs
Shoot her
Shoot her
Shoot her down
