

## Son of Evil

Grave Digger

Unborn child of the coming darkness  
Would you guide us through the time of dreariness

Face like an angel  
Sing the Sabbath song  
The power of evil  
Poor child of sin

Licking my blood - this shadow of madness  
Stealing my breath and leaving me soulless

I'm the fear  
Deep in your soul  
Cause I'm the son of evil  
I'm the hate  
I'll bring you to death  
Cause I'm the son of evil

This nightmare roars - feeding despair  
Breathing fire - disturbing the air

Face like a creature  
Sing the Sabbath song  
This Jesus of ruin  
Praying with Judas tongue

My funeral is open and I'm buried alive  
Birds singing poems of my satanic life

I'm the fear  
Deep in your soul  
Cause I'm the son of evil  
I'm the hate  
I'll bring you to death  
Cause I'm the son of evil
