

## Judas

Grave

You were everything for me  
With eyes blue as the sea  
You're an angel in human disguise  
I gave you all of my love  
And if I would die now  
You have sealed my destiny  
I'll drown in your deep blue eyes  
You gave me all your love  
What happened between us  
I long for what we had and what should be  
And if I would die now  
I have sealed your destiny  
I'll drown in your deep blue eyes  
To live without you makes life so painful  
You were everything to me  
And will always be
